

# Intersegmental General Education Transfer Curriculum 2022-2023

*Courses that are listed in multiple areas can only be used to meet the requirements of a single area.*

\* Course is approved for the indicated area through Summer 2024.

The IGETC pattern may be used for CSU, UC, and private institutions. All courses used on the IGETC pattern must be completed with grades of "C" or better. However, students transferring to major in engineering, biological science, or a physical science should focus on completing major preparation courses. IGETC might not be necessary to complete before transfer. Students who do not complete the IGETC prior to transfer will need to complete the 7-Course Pattern for UC Admission along with their major preparation courses for admission.
