Grade Submission

Current Option

Grade Submission

- **Fall 2019 final grades and hours of attendance will be submitted through WebAdvisor.**
- **Grades, and hours of attendance, for full-semester classes are due one week from the end of the semester (December 20th).**
- **Grades, and hours of attendance, for short classes are due one week from the last scheduled class meeting.**
- **Reminder – Late Grades Negatively Impact Students!**

Grade Submission

- **All students in an active status must receive a final grade.**
- **Students that truly "never attended" a census class must be dropped at census. If a now show student appears on the final grade roster in an active status, contact Admissions and Records.**
- **Grades can be submitted individually if a student requests an early submission of a grade.**
- **Incomplete grades may be submitted for students that have extenuating circumstances but should be awarded sparingly.**
